To: Honorable Chairperson

From: Cynthia Gomez, Tribal Advisor

Re: Monthly Statewide Tribal Consultation Call on 2014 Drought 3/21/14

You are invited to participate in the *Monthly Statewide Tribal Consultation Call on the 2014 Drought* to continue discussions on drought impacts and state response updates with top state Drought Task Force appointed officials.

We will host a monthly conference call to allow for on-going consultation concerning the drought and we request that you, the Chairperson, or designated Tribal Councilperson participate. If staff will represent your tribe, please send a letter or email confirming their authority to speak for your tribe for consultation purposes.

As stated in the February 7, 2014 call, you are encouraged to participate in the weekly drought call conducted at your county level. Please contact your County OES directly for information on how to engage. If further assistance is needed to obtain this information, contact Denise Schemenski at denise.banker@caloes.ca.gov or (916) 845-8163.

This will be a high quality operator based conference call system, with the intention to eliminate any malfunctions with the phone system. Participants will be required to provide their name, title and tribe they are representing to the operator. **Please note, all participants must identify themselves as requested, otherwise they will be unable to participate on the conference call.** For more information and to RSVP please contact Heather Hostler at heather.hostler@gov.ca.gov. Please visit our website for more tribal specific drought information at www.tribalgovtaffairs.ca.gov.

An agenda and materials will be emailed out next week. We look forward to the discussion. Thank you!
